

Mililani Uka's Enrichment Program

QUEST

Quest is Mililani Uka's Enrichment program for students who are identified as Gifted. Quest nominations are opened to all students at Mililani Uka Elementary in Grades 1-5.

Quest testing will start on September 4. Students applying for the Quest program must meet specific eligibility criteria.

Nominees are tested using five different assessment instruments. A screening committee composed of teachers from various grade levels, an administrator, a parent, and a counselor will conduct the final screening.

Pick up a Parent Nomination Form for Quest testing in the office from August 6 through August 24. Characteristics of a gifted child will be provided with the Parent Nomination Form.

Read through the packet and, if you feel your child meets the characteristics of a gifted child/potentially gifted child, complete the form and return it to the office.

All nomination forms need to be returned by August 24. No late nomination forms will be accepted.

Students identified and selected will begin the program in October 2018.

If you have any questions, please contact Pauline Kishimoto at 627-7303.
